

ERASMUS PLUS PROJECT – KA2 “I KNOW WHAT I WANT TO BE”

Name of the school: Gradinita cu Program Prelungit nr. 36

Topic area: Educational training

Concept: How do I become a mechanic?

Age of students: 5 ani

Date: October 2017

GOAL	School subjects and related objectives	Full description of activities	Resources and materials	Methodology	Timing	Assessment against Objectives: (How does the childrens' work or activity meet the objectives?)
Enriching the knowledge of children about the job of a car mechanic. Educating an attitude of respect for the work of those around them.	Activities: 1.Conversation: "Small car mechanics"	The teacher presents to the children several images of faulty cars and others on the move. The children asked questions through which they learned the specifics of the car mechanic, the rules to be respected during work, the tools used by the mechanics in the work process, the specific uniform they use.	Images representing broken cars and others on the move.	Observation Conversation Questioning	35 min	
Understanding the school path to	2. Visit to Industrial School Group "Panait Istrati"	The children together with their parents and educators visited the "Panait Istrati" Industrial School Group with	Panait Istrati Industrial School Practice Workshop, tools,	Observation Conversation	2 h	

<p>embark on the job of motor mechanics.</p>		<p>the specifics of auto mechanics.</p> <p>Here they meet with practitioners who would become auto mechanics and saw the tools specific to this craft, the engines to be repaired.</p> <p>Following this visit the children understood that if they wanted to become auto mechanics they had to attend the courses of this specialty high school.</p>	<p>motors, work benches.</p>			
<p>Developing the ability to translate reality into play by observing simple rules and norms of work protection.</p>	<p>3.Role play “Beeing a mechanic“</p>	<p>Children dressed in blue blazer and using the keys in the kit have repaired the toy machines from the Role Play Center.</p> <p>During the game they complied the rules of safety. Most boys have demonstrated that they have the skills of future mechanical mechanics.</p>	<p>Blue blade of mechanics, tools, keys, screwdrivers, drill.</p>	<p>Conversation exercise</p>	<p>1 h</p>	

Teacher's reflection and/or evaluation: Children are very excited to practice the car mechanic's job even through imaginary play.
